Mammoth Tusk Gold Inc. is proud to partner with the renowned Lasqueti Mint in the production of the world's first ethically certified gold coins. Ethical gold has been responsibly mined in the Klondike gold fields to some of the highest environmental and social standards in the world. The Lasqueti Mint's gold coins are made exclusively from Certified Mammoth Gold and can be documented with a Chain of Custody. For more information on ethical Mammoth Gold please contact us or visit our website.

The 2008 Mammoth Gold one ounce coin features a gold panner and woolly mammoth hand minted in exquisite high relief. Each of the .9999 fine gold coins comes encased in a Yew wood and ancient mammoth ivory box and is accompanied by four documents of authenticity. Of these limited proof coins, less than seventy of the original 250 remain! Contact one of our suppliers to claim your own piece of the Klondike before they are sold out!

Also made from Mammoth Gold, the Lasqueti Mint's beautiful tenth ounce Dory gold coins and the stunning half ounce Dragon gold coins. These incredible hand minted coins are wonderful investments for the seasoned numismatist or first time collectors. The Lasqueti Mint uses traditional minting techniques and manufacture their own dies entirely in house. With intricate artwork and incredible craftsmanship, the Lasqueti Mint proves to be a refreshing and exotic addition to the numismatic world. Contact one of our suppliers to purchase your Lasqueti Mint gold coins today.
